1. At the Executive Committee Meeting this morning:

a. Larry Houston reported that agreement had been reached with the state of Virginia which would make it unnecessary for non-residents to file their income tax by 1 May. This does not mean that they will not have to file later, however. *H*

b. The Director stated that he had seen Stewart Alsop, who was writing an article for the Saturday Evening Post on intelligence and CIA. The Director said that he saw Alsop because he understood that he was going to say that CIA and DIA, as well as McCone and McNamara, were on a collision course. The Director said that he was afraid he was unable to dissuade Alsop from this line of thought.

General Carter has asked that this presentation be given at an early Executive Committee Meeting. I have asked Joe to improve it and to let me know as soon as he is ready so that I can get it on the agenda. *H*
